ABOUT US

Reliable Diagnostic Supplies (Pty) Ltd, located in Midrand, South Africa, was founded in 2012. RDS is a medical diagnostics company which imports and distributes niche, medical devices and diagnostic products within the Southern African market. RDS is a proud Level 1 B-BBEE contributor.

We are driven by our vision to become a reputable, trusted, and compassionate partner in delivering innovative and consistent healthcare solutions through the high quality of medical devices we supply, and the premium service we give to all our customers and passively to the communities we serve.

Our products carry relevant quality certification (e.g. FDA clearance and CE markings) and are imported from certified global manufacturers in the USA, UK, Italy, Germany, Spain, France, Poland, Belgium, South Korea, Malaysia, China, India, and Taiwan.
